

Pathogens, Immunity, & Inflammation Hub

Immunology Think Tank

June 27th @ 4:00 p.m. – 5:00 p.m. | CLS921

Innate Immunity: DAMPs and Beyond

“Danger-associated molecular patterns (DAMPs) in injury and inflammation”

Barbara Wegiel, PhD

Associate Professor of Surgery
Beth Israel Deaconess Medical Center

“Unraveling DNA-driven inflammation: from NETs to nucleases”

Michal Pastorek, MSc, PhD

Visiting Scholar, Wegiel Lab
Institute of Molecular Biomedicine, Medical Faculty,
Comenius University in Bratislava

Pizza Will be Served

Pathogens, Immunity and Inflammation
